Work Experience / Exposure

Web Design and Development Trainee
September 2023 to October 2023

- **Web Designing using Figma:** Developed proficiency in using Figma, a collaborative design tool, to create visually appealing and user-friendly web layouts and prototypes.
- **Website Mockup Designing:** Acquired the ability to craft detailed and interactive website mockups, ensuring a seamless transition from design to development.
- **Frontend Development:** Gained expertise in frontend development, including HTML5 and CSS3, and JavaScript.
- **Mobile Responsive Designing:** Learned techniques for creating responsive web designs, ensuring optimal performance and usability across various devices and screen sizes.
- **CSS & HTML Programming:** Mastered the fundamentals of CSS and HTML programming, enabling me to customize website styles and structure content effectively.

Freelance Graphic Designer
December 2021 to Present

- Produced innovative and visually appealing designs for a diverse range of merchandise, including apparel, accessories, and promotional items.
